

TRUMANSBURG ROTARY MEETING MINUTES FOR May 27th, 2021

- ☞ President Peggy started the meeting by having Mary Bouchard reporting that she has set up a PayPal account so different events can be registered by credit.
- ☞ Our guest speaker, Lydia Light, daughter of Tom and Kathleen Overbaugh, gave her presentation on the palm oil industry. Palm oil trees can have a high yield in a small area. Orangutans are suffering greatly because of this industry destroying their habitat. Palm oil plantations have many reports of child labor, human rights abuses and poor air quality resulting in global health issues. On the flip side we should not stop growing palm oil trees as long as they are grown sustainably, and palm oil is in almost everything we use. Just check your labels and you will see.
- ☞ Next, we discussed holding hybrid meetings and tabled that discussion until next week.
- ☞ Mary G-S discussed getting a Paul Harris for Brett Seafuse and it was agreed to order one with our club's points as soon as possible.
- ☞ Mary G-S reported that the golf tournament is going well, but we still need hole sponsors and teams. We are also looking for ideas for prizes for the ball drop from the hot air balloon.
- ☞ Neil reported that the sign for the Fire Department should be coming this week so we can get it hung up.
- ☞ We discussed that the proceeds from the Duck Race will go to the food pantry minus expenses and buying our own ducks.
- ☞ The meeting ended at 8:08.
